RGBIC Basic Wi-Fi + Bluetooth LED Strip Lights 10m

Enhance any space around your home with our LED strip lights. Adjust your colors and effects with voice control or with the Govee Home App for seamless personalization.

- **Segmented Multi-Color Technology:** Our special RGBIC technology allows multiple colors to be displayed simultaneously on the strip, for brighter, more dynamic, and customizable lighting.
- **Hands-Free Voice Control:** Easily connect to Alexa or Google Assistant via Wi-Fi, allowing you to free your hands and turn your LED light strips on and off, adjust brightness, modes, and scene effects with simple voice commands.
- **Smart App:** Explore various updated custom lighting effects and community features in the Govee Home app. Share and save user-created DIY effects and try our AI-generated themes from photo uploads. [Wi-Fi Notice: Only 2.4 GHz is supported]
- **Sync with Music:** Listen to your lights move to the beat of your music and even game audio. Our smart app, the Govee Home app, includes 11 extensive music modes with a built-in high-sensitivity microphone.
- **Over 64 Preset Scene Effects:** Choose from vibrant animated effects based on nature, emotions, holidays, and more. Completely change the mood and atmosphere of your room with the touch of a button.
