55 Inch Split Screen Vertical Support Bracket Base-3.5-H100(Modularization Floor Mounting)

HB-SD55H100-P3

Features

- Integrated modular structure design, fast installation, high efficiency, saving installation costs and shortening the delivery cycle.
- The ultra-thin bracket design (30cm) can meet the installation of various conference rooms and other narrow spaces.
- High-strength, wide-range, multi-point installation position of tie rod parts can meet the needs of most scenarios.
- It has tie rod parts with 360° universal shaft adjustment, which can meet the use of a variety of fixing methods (straight pull, diagonal pull) .
- The simple sealing plate design makes the bracket lighter and more beautiful.
- High-strength, hexagonal screws in the chemical industry, with automatic electric batch assembly, faster efficiency.
- The hook of four-axis adjustment meets the multi-dimensional screen position adjustment.
- The easy-to-install left and right sliding device meets the needs of left and right movement of the screen, and eliminates the savage movement that occurs in the installation, resulting in screen squeezing and damage.

Specifications

Model	HB-SD55H100-P3
General	
Material	Square steel and sheet metal
Color	Black
Weight (g)	30.5 (Gross weight)
Base Height	100-110cm (Adjustable)
Base Size (mm)	1214 × 300 × 960
