Quick Start Guide

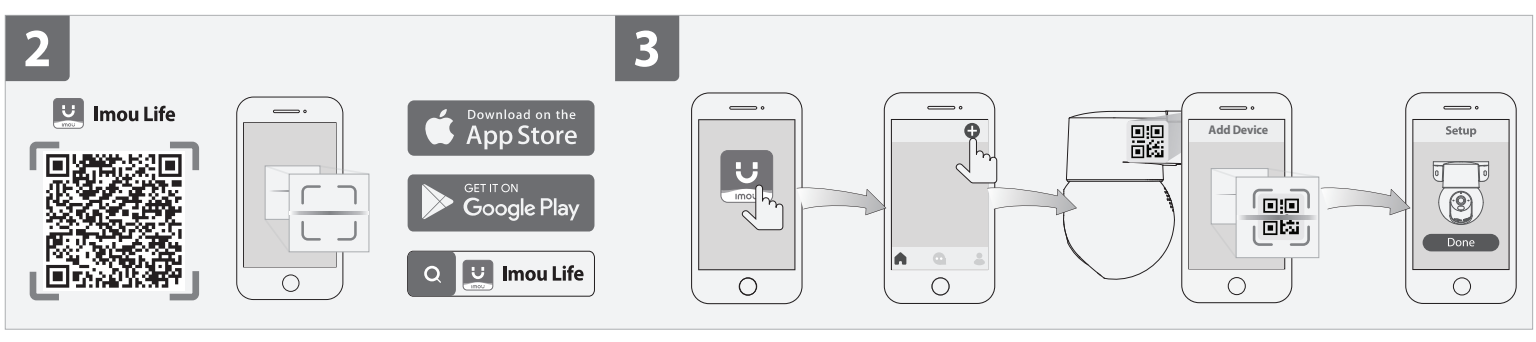

V1.0.0

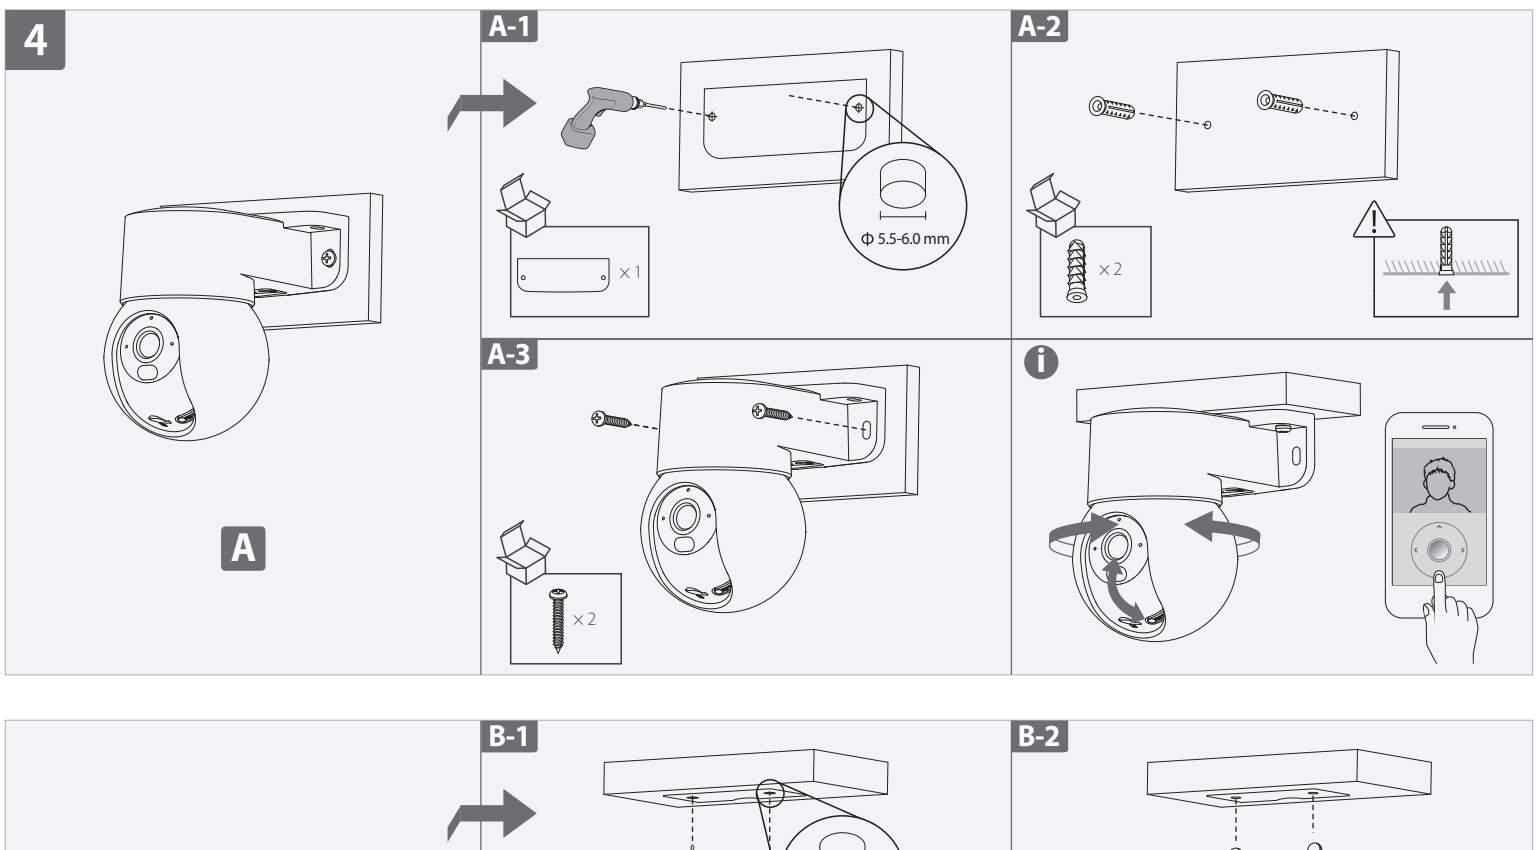

U0009703

❶ Power On the Camera

Connect the camera to a PoE device such as a switch or NVR with an Ethernet cable to transmit both power and data. If the camera is connected to a non-PoE device, use a separate power adapter (not provided) to plug the camera in (**see part 1**).

❷ Get the Imou Life App

Scan the QR code **on part 2** or search for "Imou Life" to download and install the app. Create an account and log in.

❸ Set Up the Camera

Scan the QR code on the body of the device or on the cover of the paper guide with the app, and then follow on-screen instructions to complete the setup (**see part 3**).

❹ Install the Camera

Make sure the mounting surface is strong enough to hold three times the weight of the camera. For detailed installation process, please **see part 4**.

LED Status		Device Status
Green	Flashing	Ethernet cable not plugged in
	Solid	Working properly
Red	Solid	Booting
		Device malfunction
Green & Red	Alternating	Updating firmware
Off	/	Power off
		LED turned off

If you need to reset the camera, press and hold the reset button for 5 s. The LED turns solid red when the camera is booting.
