H89XX Series Local Upgrade Guide

Upgrade software files:

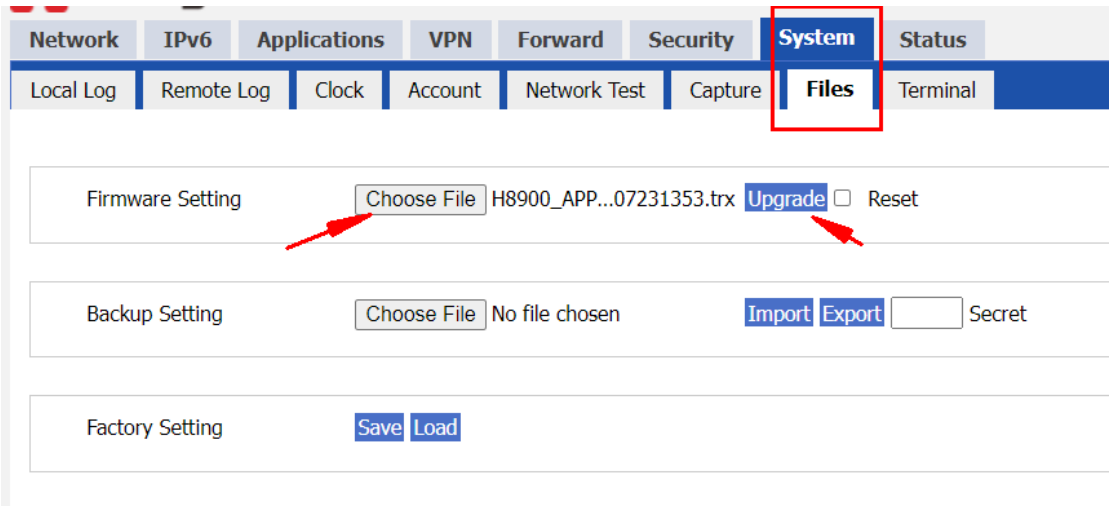

Step 1: boot upgrade

Choose the file “H8900_boot_V7.2.7_2607231353.trx” and upload it under “System” > ”Files”, then click “Upgrade”

Step 2: APP upgrade

Choose the file “H8900_boot_V7.2.7_2607231353.trx” and upload it under “System” > ”Files”, then click “Upgrade”

Step 3: SDN plugin upgrade

Note that this is not the same location as where boot and app files are uploaded.

Select the file "H8900_plugin_sdn_agent_V1.0.0_2608061024.bin" and upload it under "Applications" > "Plugin", then click "Install".
